

## 1. OBJECTIVE

This Cookies Policy applies to any websites, applications or platforms operated by the companies: ALGAR TECNOLOGIA E CONSULTORIA S.A; ALGAR TI CONSULTORIA S/A; and ENGESET SERVIÇOS DE TELECOMUNICAÇÕES S/A, hereinafter jointly referred to as "ALGAR TECH", or on our behalf ("our Digital Platforms").

ALGAR TECH seeks to explain, in a transparent and specific manner through this Cookies Policy, how, when and why Cookies are used.

By accessing our Digital Platforms, you consent to the use of Cookies under the terms of this Policy.

If you do not agree to the use of Cookies in this way, you may (i) adjust your browser settings to disallow the use of Cookies or (ii) not access our Digital Platforms.

Disabling the use of cookies may impact your user experience when visiting our Digital Platforms.

For any questions or doubts about the Cookies Policy of our Digital Platforms, the user may contact us at the following email address: [@dataprivacy@algartech.com](mailto:@dataprivacy@algartech.com)

## 2. REFERENCE DOCUMENTS

## 3. DEFINITIONS

### 3.1 Cookies

Cookies are digital files containing small pieces of data (and usually with a unique identifier), which are stored on the user's device through the browser or application and which store information related to their preferences.

## 4. DESCRIPTION

### 4.1 General

#### 4.1.1 What are Cookies used for?

Cookies serve to enhance the user experience, both in terms of performance and usability, as the content made available will be targeted to the user's needs and expectations.

Cookies allow our Digital Platforms to memorize information about the user's visit, his preferred language, his location, the recurrence of his sessions and other variables that Algar Tech considers relevant to make the user experience much more efficient. Cookies may also be used to compile anonymous and aggregate information that allows us to understand how users use and interact with our Digital Platforms and to improve their structures and content. Because this information is anonymous, **we cannot identify you personally through this data.**

The use of cookies is commonplace on any digital platform today. Their use in no way harms the devices (computers, *smartphones*, *tablets*, etc.) on which they are stored.

#### 4.2 What kind of Cookies do we use?

Algar Tech uses two types of Cookies: Session Cookies and Persistent Cookies.

- **Session Cookies:** these are temporary Cookies that remain stored until the user leaves the website or closes the browser or application, i.e. they are automatically deleted from your computer.
- **Persistent Cookies:** these are Cookies that are stored on the user's device until they are deleted or until they reach an expiry date (the time the Cookie will remain on the device depends on the expiry date and browser settings).

Cookies (Session or Persistent) can be categorized according to their function:

- **Strictly Necessary Cookies:** these enable navigation on the website and use of the applications, as well as access to secure areas of the website. Without these Cookies, the services required for the correct functioning of the platforms cannot be provided.
- **Analytical Cookies:** collect anonymous statistical data for the purpose of analysing the use of the platform and its performance.
- **Functionality Cookies:** these are used to ensure the provision of additional functionalities of the platforms or to save the preferences set by the user in the use of the platform, every time they use the same device.

**4.3 Can I control or delete Cookies?**

Most Internet browsers are configured to automatically accept Cookies.

The user can change the settings to block the use of Cookies or alert them when a Cookie is being sent to your device. There are several ways to manage Cookies. See your browser instructions or help section to learn more about how to adjust or change your browser settings.

By disabling Cookies, the user may not be able to visit certain areas of a page of ours or you may not receive personalized information when you visit a page.

If the user uses different devices to access our Digital Platforms (for example example, computer, smartphone, tablet, etc.) should ensure that each browser of each device is set to suit your preferences regarding Cookies.

**4.4 Detailed information on Cookies**

We set out below details of the use of Cookies on our Digital Platforms, as well as as well as the data processing purposes justifying them.

4.4.1 Strictly Necessary Cookies:

**SITE Algar Tech:** [www.algartech.com](http://www.algartech.com)

Cookie Name	Cookie	Validity	Type	Description	Purpose
Original Cookies	gd##### #####	Session	Own	This is a Session Control Cookie.	These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any

					personally identifiable information.
Original Cookies	OptanonConsent	365 days	Own	This cookie is set by the OneTrust cookie compliance solution. It stores information about the categories of cookies that the website uses and whether visitors have given or withdrawn consent for the use of each category. This allows site owners to prevent cookies in each category from being set in users' browsers when consent is not given. The cookie has a normal lifetime of one year so that returning visitors to the site will remember their preferences. It does not contain information that can identify the site visitor.	These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any personally identifiable information.
Original Cookies	BIGipServer~Algar-Tech~pool_negocie_https	Session	Own	This cookie name is associated with the F5 company's BIG-IP product suite. Usually associated with session management on load balanced servers, to ensure that user requests are routed consistently to the correct server. The common root is BIGipServer most commonly followed by a domain name, usually the one on which it is hosted, but not always.	These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any personally identifiable information.

				requests are routed consistently to the correct server. The common root is BIGipServer most commonly followed by a domain name, usually the one on which it is hosted, but not always.	Request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any personally identifiable information.
Original Cookies	OptanonAlertBoxClosed	Session	Own	This cookie is set by websites using certain versions of the OneTrust cookie law compliance solution. It is set after visitors have seen a cookie information notice and in some cases only when they actively dismiss the notice. It allows the site not to show the message more than once to a user. The cookie has a lifetime of one year and contains no personal information.	These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any personally identifiable information.
Original Cookies	PHPSESSID	Session	Own	PHP session cookie associated with the embedded content of this domain.	These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any personally identifiable information.
linkedin.com	li_gc	730 days	Third	This domain belongs to LinkedIn, the business networking platform. It typically acts as a third-party host where website owners have placed one of their content sharing buttons on their pages, although their content and services may be	incorporated in other

## COOKIE POLICY

These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any

				ways. Although these buttons add functionality to the site they are on, the cookies are set regardless of whether or not the visitor has an active LinkedIn profile or agrees to its terms and conditions. For this reason, it is classified as a tracking/segmentation domain.	personally identifiable information.
yahoo.com	A3	365 days	Third	This domain is owned by Yahoo. The principal activity of the business is: Search/Advertising.	These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any personally identifiable information.
t.tailtarget.com	_ssc	2 days	Third	It is a cookie for generating access and internet traffic statistics.	These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These cookies do not store any personally identifiable information.
t.tailtarget.com	n	30 days	Third	It is a cookie for generating access and internet traffic statistics.	These cookies are necessary for the website to function and cannot be turned off on our systems. They are usually only set in response to actions taken by you that correspond to a service request, such as setting your privacy preferences, logging in or filling out forms. These

					cookies do not store any personally identifiable information.
doubleclick.net	test_cookie		Third	This domain belongs to Doubleclick (Google). The main business activity is: Doubleclick is Google's real-time bidding advertising exchange.	

4.4.2 Performance Cookies

**SITE Algar Tech:** [www.algartech.com](http://www.algartech.com)

Cookie Name	Cookie	Validity	Type	Description	Purpose
Original Cookies	_ga	730 days	Own	This cookie name is associated with Google Universal Analytics - which is a significant upgrade to Google's most widely used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a customer identifier. It is included in every page request on a website which is used to calculate visitor, session and	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and least popular and to see how visitors move around the website. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our site.

				campaign data for the websites analytics reports. By default, it is set to expire after 2 years, although this is customizable by site owners.	
Original Cookies	__utmz	183 days	Own	This is one of the four main cookies set by the Google Analytics service that allows website owners to track the measurement of visitor behavior of website performance. This cookie identifies the source of traffic to the website - so that Google Analytics can tell website owners where visitors have come from when arriving on the website. The cookie has a lifetime of 6 months and is updated every time data is sent to Google Analytics.	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and least popular and to see how visitors move around the website. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our site.
Original Cookies	__utmt	A few seconds	Own	This cookie is set by Google Analytics. According to their documentation, it is used to reduce the service request rate - by limiting data collection in high traffic locations. It expires after 10 minutes.	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and least popular and to see how visitors move around the website. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our site.
Original Cookies	__utmc	Session	Own	This is one of the four main cookies set by the Google Analytics service that allows website owners to track visitor behaviour and measure website performance. It is not used on most	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and least popular and to see

				websites but is set to allow interoperability with the older version of the Google Analytics code known as Ourchin. In this older version, this was used in combination with the _utmb cookie to identify new sessions/visits for returning visitors. When used by Google Analytics, this is always a Session cookie that is destroyed when the user closes their browser. Where it is seen as a Persistent cookie, it is likely to be a different technology setting the cookie.	how visitors move around the website. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our site.
Original Cookies	_hjAbsoluteSessionInProgress	A few seconds	Own	This cookie is used by HotJar to detect a user's first pageview session. This is a True/False flag set by the cookie.	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and least popular and to see how visitors move around the website. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our site.
Original Cookies	_gat_UA-	A few seconds	Own	It is a cookie for generating access and internet traffic statistics.	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and least popular and to see how visitors move around the website. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will

					not know when you have visited our site.
Original Cookies	__utmb	A few seconds	Own	This is one of the four main cookies set by the Google Analytics service, which allows website owners to track visitor behavior and measure website performance. This cookie determines new sessions and visits and expires after 30 minutes. The cookie is updated every time data is sent to Google Analytics. Any activity from a user within the 30 minute lifetime will count as a single visit, even if the user leaves and then returns to the site. A return after 30 minutes will count as a new visit, but a returning visitor.	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and least popular and to see how visitors move around the website. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our site.
Original Cookies	_gid	1 day	Own	This cookie name is associated with Google Universal Analytics. This appears to be a new cookie and as of Spring 2017 no information is available from Google. It appears to store and update a unique value for each page visited.	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and least popular and to see how visitors move around the website. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our site.
Original Cookies	_hjTLDTest	Session	Own	When the Hotjar script runs, we try to determine the more generic cookie path we should use instead of the page host name. This is done so that cookies can be	These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our website. They help us to know which pages are the most and

				shared across subdomains (where applicable). To determine this, we try storing the _hjTLDDTest cookie for different URL substring alternatives until it fails. www.facebook.com	-	Session	Third	This domain is owned by Facebook, which is the world's largest social networking service. As a third party host provider, it mostly collects data on the interests of users via widgets such as the 'Like' button found on many websites. This is used to serve targeted advertising to its users when logged into its services. In 2014 it also started serving up behaviourally targeted advertising on other websites, similar to most dedicated online marketing companies.	These cookies may be set through our website by our advertising partners. They may be used by these companies to build a profile about your interests and show you relevant ads on other websites. They do not directly store personal information, but are based on the unique identification of your browser and internet device. If you do not allow these cookies, you will get less targeted advertising.
